ODM Tea is the tea export programme of this company.

Two books, one written specification

TRACK	LINES	ORIGIN
A — Fujian origin	White Tea, Oolong Tea, Black Tea, Green Tea, Jasmine Tea	Fuding, Zhenghe, Pinghe, Anxi, Wuyishan, Tongmu, Fu'an, Fuzhou, Pingnan, Nan'an — producer and relationship confirmed per quotation
B — sourced, disclosed	Gunpowder Green Tea, Chunmee Green Tea	Zhejiang (Pingshui belt), Anhui — supplier and process confirmed per quotation
Programmes	Organic Programme, Private Label & Packing	Fujian-origin line — producer and relationship confirmed per quotation; Packing scope and production party confirmed per quotation

Services

Bulk tea supply	Origin categories from Fujian and refined green tea grades for the African trade, in sacks or cartons.
Private label and packing	Your brand on retail packs — cartons, tins, pouches, tea bags — with label content compliant for the destination.
Blending to an approved sample	Match a reference cup, then hold it across shipments by cupping each contracted lot against it.
Sourcing and refining, disclosed	Gunpowder and Chunmee bought in Zhejiang and Anhui, refined to the written contract specification, and labelled as sourced.
Testing against the destination	Where testing is contracted: residue panels named by jurisdiction, a certificate of analysis, and report timing written into the contract.

Export and logistics	FOB, CFR or CIF by sea from Ningbo and Shanghai; rail to Central Asia; a destination-specific document set.
Samples	Dry-leaf samples with a specification sheet; the approved sample becomes the contract reference.
Market intelligence	Sourced 2025 export data, rankings, compliance notes and grade references — published, not sold.

Markets

DESTINATION	GRADES BOUGHT	REGULATORY REFERENCE
Morocco	Gunpowder 3505, Gunpowder 9375, Gunpowder 9475, Chunmee 41022	ONSSA
Senegal	Gunpowder 3505, Gunpowder 9375, Chunmee 41022	National food safety control
Mauritania	Gunpowder 3505, Gunpowder 9375	National food safety control
Ghana	Gunpowder 3505, Chunmee 41022, Chunmee 9371	Ghana Food and Drugs Authority, under the Public Health Act, 2012 (Act 851) — the food and the importer are registered before shipment
Russia	White tea — Bai Mu Dan, Oolong — Tie Guan Yin, Black — Lapsang Souchong, Jasmine green	EAEU TR CU 021/2011 and TR CU 022/2011
Uzbekistan	Chunmee 41022, Chunmee 9371, Black tea — Tanyang Gongfu	Uzbek national requirements (EAEU observer state — TR CU and the EAC mark do not apply)
United States	Organic white tea, Oolong, Jasmine green	FDA import requirements, with pesticide residue tolerances set by the US Environmental Protection Agency under 40 CFR Part 180
Japan	Oolong, Jasmine green, Organic green	Japan's Positive List System for agricultural chemical residues, administered by the Consumer Affairs Agency (a uniform 0.01 mg/kg limit applies wherever no specific limit is set)

How we work

01 Enquiry	Send the destination, the grade code or the cup you are matching, the quantity and the Incoterm. That is enough for a specification; a brochure is not.
02 Specification and quotation	We reply with a written specification — grade, moisture, screen, residue standard by destination, packing — and a quotation against it. Lead time and minimum quantity are stated in the quotation for that line and destination.
03 Sample and cupping	A dry-leaf sample with its specification sheet. Once you approve it, that sample becomes the contract reference; where repeat-lot matching is contracted, later lots are cupped against it.
04 Production and refining	Origin lots are processed in Fujian; sourced gunpowder and Chunmee are refined, screened and fired to the contract moisture. Where blending to sample is contracted, lots are blended to the approved sample rather than shipped as they come.
05 Testing and documents	Where testing is included in the quotation, the certificate of analysis and the pesticide residue report against the destination standard are issued as written into the contract. Ask for acceptance before loading: a report that travels with the container cannot prevent a rejection.

06 Loading and shipment FOB, CFR or CIF for sea freight from Ningbo or Shanghai; rail via Khorgos–Altynkol for Central Asia under a rule for any mode of transport. The document set is fixed by destination and written into the contract.

This site does not claim ownership, certification or shipment performance without supporting records. Legal party, production party, certification scope, testing, documents, minimum quantities, payment terms and lead times are stated in the quotation pack. Payment terms are explained at <https://odmtea.com/guides/payment-terms-in-the-tea-trade/>.

To quote, send the destination, grade, quantity and Incoterm to Amber@xmmega.com or through <https://odmtea.com/contact/>.
